To whom it may concern

I confirm that I have known Ms. Dudu Mofokeng for over 4 years now.

Ms. Dudu Mofokeng is my Business advisor, mentor, my business *mother (she is a mother to me)*. She has been part of my company's growth. Ms. Dudu Mofokeng doesn't just play the role of a business mentor or business coach, she truly gets involved in the business activities and with her 24/7 presence attitude, I've never been this flexible running my business until I met her.

At all times I have found Ms. Dudu Mofokeng to be, dependable, reliable, hard-working, conscientious, honest, peace-loving, courteous. The experience I've gained since she becomes part of my company is priceless, she goes all the way for me to get a first-hand experience of this business world.

Ms. Dudu Mofokeng is a tremendous asset to any organization and has my highest recommendation, she is not an asset only when it comes to professional organizations, she is an asset to my personal life. Her support, love, care, and generosity make her one of a kind, actually the only kind.

Yours faithfully,
